

# French Links

Learning a foreign language should be fun. One great way to practise your language skills is to watch TV, films and online clips in the language that you are learning. This helps to build on the lessons set by your teacher and allows you to use devices such as phones, tablets and laptops, which can be fantastic learning tools.

The following slides contain links to French content that you can read and watch online. We have put together a wide variety of recommendations, so that there is something for everyone.

We hope you enjoy what we have chosen.
