Dear Parent/Carer,

COVID 19 - Pilton Community College

Thank you for your continued support with Covid-19 home testing. **We know how important it is for you to be able to send your children to school.**

You should encourage your child to continue testing and [report](#) results twice a week, at home, throughout the October half-term school holiday and take a test before returning to school. All results should be reported, even if your result is negative or void.

You can help them to take the test and report their results. Testing is free of charge. If you do still require more home testing kits to continue testing over half-term, you can order more [online](#) through gov.uk or collect from your local pharmacy.

By testing your child twice a week over half-term, you will help us to reduce transmission of Coronavirus, keeping students in school and Pilton Community College open to minimise disruption to their education and to you and your household.

Please contact school via admin@pilton.college if you have any questions or concerns about home testing.

Thank you for your support in helping to keep our school community safe and healthy.

Yours sincerely,

Graham Hill
Headteacher
